

Chambers Says He Got U.S. Secrets From Five Sources

Does Not Name Sources Besides Hiss And Wadleigh

New York, June 8—(AP)—Five persons including Alger Hiss and Julian Wadleigh gave government secrets to a pre-war Soviet spy ring, Whittaker Chambers testified today.

As he had done before, Chambers named Hiss and Wadleigh as sources of state department secrets.

He did not name the other sources from which he said he received documents when he was a spy ring courier.

In the sixth day of Hiss' federal perjury trial, Chambers was asked by assistant United States Attorney Thomas F. Murphy:

Three Other Sources

"Did you have sources of supply in other government agencies other than the State department?"

"I did," Chambers replied.

Federal Judge Samuel H. Kaufman leaned toward the witness and said:

"How many sources of supply, approximately?"

"Three," said Chambers.

"Then did you have a total of five sources of supply?" the court asked.

"That's right," Chambers answered.

Hiss has denied he ever gave government papers to Chambers or that he even saw Chambers after Jan. 1, 1937. For saying this before a New York grand jury last December, he was indicted on a perjury charge.

Wadleigh Declines Comment

Henry Julian Wadleigh, formerly of the State department, has declined comment on Chambers' statements since they originally were made last year.

Chambers is the government's star witness against Hiss. The government said at the outset that its case against Hiss rests on his charges.

Judge Kaufman also asked Chambers:

"Do you want us to understand that when you testified before the House (un-American activities) committee in August, 1948, in substance that you had nothing to do with espionage, that you'd forgotten all those sources of supply?"

Murphy told the court there was no testimony that Chambers had forgotten.

Judge Kaufman persisted. He asked Chambers:

"Having had five sources of supply, you forgot to tell that to the House committee in August, 1948?"

Again Murphy blocked an answer. He told the court:

"He didn't say he forgot to tell it to the House committee."

Judge Kaufman said he would look at the record before pursuing the question further.

State Senate Okays Putting Cuspidors In Public Buildings

Springfield, Ill., June 8—(AP)—A cigar-smoking state senator scored a hit today with his cuspidor bill—but he almost missed.

Senator Roland V. Libonati (D-Chicago) got just the 26 votes needed for approval of the measure by the Illinois Senate, which already has cuspidors. The bill now goes to the House where they have them too.

The bill requires each room in every public building to be equipped with a cuspidor. Schools and churches are exempted.

"It's not only unsightly but unhealthy not to provide receptacles for persons to expectorate and learn to direct their shots," Libonati said.

He offered that the measure would get rid of "sneak spitters" in the public hotel lobbies.

Senator William J. Connors (D-Chicago), one of six who voted against the bill, said he took the sponsor as an example.

"His shots are not straight," Connors said.

Senator Martin Lohman (D-Pekin) took issue with Connors.

Voting for the bill, Lohman said that Libonati "may be missing Connors' spittle but he's hitting mine."

RETURNS TO CAST OF 'INSIDE U.S.A.'

Chicago, June 8—(AP)—Beatrice Lillie, British comedienne hospitalized since Sunday, returned to her role in the musical revue, "Inside U.S.A." tonight.

Three performances of the show were canceled while she underwent treatment in Renroth hospital for shock after a fire in her hotel apartment Sunday. The actress, Lady Peel in private life, has no understudy for her starring role.

Shubert theatre officials estimated the cancellation of the Sunday, Monday and Tuesday night performances caused a loss of about \$15,000.

Taft Charges Demos Play Politics On T-H Act Issue

Washington, June 8—(AP)—Senator Taft (R-Ohio) said today the Republicans have no objections to "technical repeal" of the Taft-Hartley act providing its "main principles" are retained in a new labor law.

But Senator Pepper (D-Fla.), tart-tongued advocate of the administration bill to scrap the Taft-Hartley act outright, asserted that if the Democrats accept such a compromise it would be a "repudiation" of their party platform and pledges.

The two men got into a free-wheeling word exchange to highlight the second day of debate over proposed changes in the 1947 labor law.

Taft opened up with a charge that Democrats on the Senate labor committee were playing "politics" in their handling of the administration bill which would replace Taft-Hartley with a modified version of the new deal Wagner act.

The Ohioan recalled that the Democrats pushed that measure through the committee several weeks ago on a straight 8 to 5 party-line vote without permitting any

changes in the bill.

He then went on to point out that four of the Democratic members now have joined an equal number of Republicans in backing five compromise amendments. Taft said they have taken this step because they "realize that the Senate will not approve the Thomas (administration) bill as presented and hope to make it more like the Taft-Hartley act in order to secure votes for its support."

But, he added, "they cannot guarantee that the bill even as amended would be acceptable to labor union officials, or to the president."

Pepper said that labor considers the Taft-Hartley law as a "badge of degradation" and a "symbol of infamy."

The Floridian shouted that Taft is opposed to the best interests of "worthy workmen and women."

In calling for adoption of the administration Bill Pepper said he is opposed to any and all amendments "from any source whatsoever." He thus flatly aligned himself against a number of his Democratic colleagues who favor a compromise.

He proposed that the commanders report by June 13. Presumably if they had not been able to reach an agreement the foreign ministers would then tackle the problem.

Fruitless Session Ends

Acheson advanced the idea at the end of another fruitless session today—the 15th of the Paris conference—and it will be considered by the foreign ministers tomorrow.

Unable to agree on a long-term plan for Germany, it thus appears the foreign ministers are turning to efforts to bring at least a temporary armistice to East-West contention in the four-power city.

This in reality would mean a diplomatic step backward. The four-powers were supposed already to have agreed in New York talks last month to end the Berlin blockade and resume East-West German trade.

Actually, however, the New York agreement has been only partly carried out. Berlin still is under a semi-blockade because of a rail strike by non-communist railway workers in Berlin. Only a dribble of East-West trade has been resumed.

RR Owners Cause Blockade

American military government chiefs in Berlin say the blockade continues chiefly because the Soviet-controlled railway administration refuses to recognize the non-communist union (UGO). The strike started over the strikers demand for wages in West marks, which are worth about four times as much as East marks.

The railway administration has made an offer to the communist Free German Trade union to pay West Berlin workers 60 per cent of their wages in West marks, but the strikers refused it.

Western negotiators in Berlin have reported the Russians cooperative in talks on an agreement on East-West trade. But the West has taken the position that no trade agreement will be signed as long as the strike lasts.

The western attitude is that the strike has to be settled to assure movement of trade under a paper agreement.

Therefore, in addition to trying to solve Berlin's political, economic and transport problems, the foreign ministers would also be sitting as a sort of labor arbitration board.

NEW DRUG MAY AID CHRONIC ALCOHOLICS BOARD WATERWAGON

Chicago, June 8—(AP)—Science may have a drug to help chronic alcoholics climb aboard the waterwagon more easily.

It is made from a preservative originally developed to keep penicillin stable. In Great Britain, where it was first tested in 1946, the drug is called myanesis. It is manufactured in the United States under the trade name, tolserol.

University of Illinois doctors say tolserol eliminates the "shakes" in patients being weaned from liquor. They tried it on 30 heavy drinkers and reported a release from anxiety and tension during treatment. Patients also lost their craving for alcohol.

Tolserol is a relaxing agent. It differs from the majority of sedatives this way. Under mild dosage, the patient does not become sleepy or dopey, and does not lose his ability to move vigorously when he wants to. Nevertheless, it does slow down his body processes and prevent nervous muscle tension.

In large doses, tolserol causes temporary relaxed paralysis. And overdoses can be fatal.

BALL TO WRITE FICTION

St. Paul, Minn., June 8—(AP)—Joseph H. Ball, former U. S. senator, said today he planned to be a fiction writer. The former St. Paul newspaperman said he intends to submit articles to magazines.

Noted Educators Asks U.S. Bar Red School Teachers

Washington, June 8—(AP)—Communist teachers should be barred from American schools because they have surrendered the "right to think for themselves," a group of top-ranking educators said today.

But they also said no restrictions must be placed on objective study of the "principles and practices of totalitarianism" as a part of a free educational system.

Twenty leading educators, including General Dwight D. Eisenhower of Columbia and Harvard President James B. Conant, set forth their conclusions in a 54-page report on "American education and international tensions."

The commission was appointed by the National Education Association and the American Association of School Administrators. Their job was to study teaching changes which might be advisable in a world deeply involved in cold war.

On communism, the commission dealt in blunt terms with a subject which has been increasingly disturbing to educators in recent years.

Communist membership, the commission said, "renders an individual unfit to discharge the duties of a teacher in this country."

"Members of the Communist party should not be employed as teachers. Communist membership involves adherence to doctrines and discipline completely inconsistent with the principles of freedom on which American education depends. xxx"

The first step in a city-wide slum cleanup program was taken by the American Friends Service Committee, the same organization which was awarded a 1947 Nobel peace prize. The AFSC said the project was the first of its kind in the nation.

The plan already has Federal Housing Administration approval. FHA has agreed to accept the work of the families as the 10 per cent minimum down payment normally demanded in cash, the committee reported.

Target for the conversion job is a solid block of row houses, most of them built about the time of the Civil war.

A total of 114 family units—home to 295 men, women and children—occupy the area in North Philadelphia about one mile from city hall. Most of the families live in a single room. As many as 10 families share one bathroom.

After rehabilitation there will be 99 apartments, accommodating slightly fewer persons than now live in the block. Each apartment will have its own bathroom, electric refrigerator and gas stove. Central heating will replace the pot-bellied coal and wood-burning stoves now used to dull the edge of winter cold.

Question Teen-Age Gang About Series Of Fires, Thefts

Chicago, June 8—(AP)—A 14-year-old girl and four teen-age boys who formed a gang like one they saw in a movie were being questioned by police today about fires, burglaries, automobile and bicycle thefts.

Held without charge at the juvenile home were Clark Inger, 16, leader of the gang, called "The Dudes," Frank Goldberg, 16; Arnold Harrington, 15; Dennis Brandt, 14; and Donna Herman, 14.

All live in the northeast section of Chicago where numerous incendiary fires have occurred.

Donovan Jackson, owner of a neighborhood jewelry store, was arrested and charged with accepting stolen property and contributing to the delinquency of minors.

Capt. Louis Klaczko of Rogers Park police said Jackson had bought three wrist watches which the captain said the gang had admitted stealing. He reported they also told him they smashed up all three automobiles they stole.

The captain said the teen-agers told him they were planning a "protection association" through which they would take down business men. He added that they patterned their activities after a gang called "The Dukes," in a movie, "City across the river."

'MISSOURI WALTZ' ISN'T FOR MISSOURI

Jefferson City, Mo., June 8—(AP)—President Truman's favorite song, "The Missouri Waltz," won't be the official song of his home state.

The Missouri Senate fixed that today by killing a bill to give the tune official standing.

The action came after opponents branded the tune "a low rate, second class barroom ballad."

About one and a quarter million farms in the United States produce wheat.

Accuses Lilienthal And AEC Of Imperiling U.S. Security

ACCUSE ATOMIC ENERGY HEAD—Left: Atomic Energy Commission Chairman David E. Lilienthal hears Senator Hickenlooper of Iowa accuse him of "brazen effrontery" in permitting 3280 persons access to restricted atomic data. They were allowed this privilege before being investigated by the FBI as required by law, Hickenlooper said. Right: Senator Hickenlooper sits in front of a 3-inch thick pile of emergency clearances from which he presents facts and figures as he begins his day at the hearing in which Atomic Energy Chairman David Lilienthal is the key figure.

Stevenson Sales Tax Bills Passed By Illinois House

Springfield, Ill., June 8—(AP)—Governor Stevenson's sales tax broadening bills—the revenue cart for carrying his city and tuberculosis air programs—rolled through the Illinois House today.

They now enter the Senate, where hostile republicans with their big voting edge might tip them over and prevent final passage.

The democratic governor told newsmen earlier today that if the bills don't become law, cities and tuberculosis sanitariums won't get any of the \$40,000,000 he has promised them.

School Aid May Be Cut

And, he said, the schools or public aid appropriations may be cut at least \$10,000,000.

The series of three bills, expected to yield \$50,000,000 in new state cash during the next two years, passed the democratic-controlled House with eight votes to spare.

The measures broaden the two percent Illinois sales tax base to take in construction contractors, special order businesses and repair services. About 100 occupations now exempt would be taxed on gross receipts.

On the first test roll call, the House voted its approval 85-52, with 77 votes needed for passage. The other two bills won by slightly smaller margins.

Republicans Join Demos

Seven republicans joined 78 democrats in passing the first bill. The republicans were Reps Arrington, Hodge, McDonald, McRoberts, Randolph, Ruddy and T. J. Thornton.

Rep. E. C. (Ted) Hunter of Rockford was the only democrat voting against the legislation.

The cities, begging for state money to pay their bills, expect \$34,000,000 and the sanitariums are promised \$6,000,000 for the next two years. About 34 downstate airports also hope to get a \$1,900,000 slice of this \$40,000,000 pie that's still in the sky.

Stevenson said he still is opposed to increasing the sales tax from two to three percent, as some Chicago democrats have proposed.

During the House debate on broadening the sales levy, several democratic leaders said defeat of the bills would mean a general sales tax boost.

Says Stevenson's School Aid Plans Would Raise Taxes

Springfield, Ill., June 8—(AP)—A spokesman for a taxpayers' group today said enactment of Governor Stevenson's \$112,000,000 school aid program would bring about local property tax increases "all over the state."

The statement came from George E. Mahin, executive secretary of the Taxpayers' Federation of Illinois. Mahin called the governor's proposals "revolutionary" and urged the legislature to examine them critically.

He was the only opponent among nine witnesses who testified at a hearing before the entire House. No action was taken.

Stevenson's plan calls for increasing the qualifying property tax rate school districts must levy to obtain the higher state grants he proposes. The governor is asking that the state guarantee \$100 for each public grade and high school pupil in the year starting July 1 and \$160 per pupil the following year.

In Russia, much attention now is being given to the planting of trees for tree shelter-belts in the steppe regions.

Senator Hits Export Of Isotopes

Washington, June 8—(AP) Senator Hickenlooper (R-Iowa) accused David E. Lilienthal and the atomic energy commission today of causing a "potential imperilment of our national security" by sending radioactive isotopes abroad for military research.

Lilienthal coldly denied any wrong-doing, saying the shipments gave away no atomic secrets. He was supported by Dr. Henry De Wold Smyth, author of the famous Smyth report on atomic energy, who was recently appointed an AEC commissioner.

The nature of isotopes—materials produced by bombarding metals with atomic "bullets"—has long been known abroad, Smyth said.

Strauss Supports Hickenlooper

On the other hand AEC commissioner Lewis B. Strauss supported Hickenlooper's stand that the shipments should not have been made.

Strauss said he believed his fellow commissioners—who outvoted him 4 to 1—"overstepped the law" in approving the export of isotopes for industrial research.

Highlighting a stormy congressional hearing, Hickenlooper said isotopes were sent to Norway for research on steel in connection with the development of jet planes and rockets.

He emphasized that they were shipped direct to the Norwegian military establishment, and he observed scoldingly:

"It would torture reason to presume a humanitarian objective in the research conducted by a military establishment."

"The fact is, they were not sent for medical or biological purposes but definitely and specifically for purposes which have a direct bearing upon very important military research."

Isotopes No Secret

Lilienthal promptly retorted that there is no secret about isotopes and they are not a form of atomic energy itself.

Lilienthal said the AEC's general advisory board approved the shipments, and he remarked:

"Those men are not dopes."

Earlier, Lilienthal protested angrily that the Senate House investigation of the AEC is being exploited to "smear people by innuendo." The 49-year-old atomic chief, whose resignation Hickenlooper has demanded, said "we are in a bad way" if suspicion is cast on AEC employees and they are not given a chance to answer the charges publicly.

"All this innuendo condemns a man and raises a cloud over the atomic energy enterprise until it can be cleared in public," he said.

Lilienthal noted that the export of isotopes for humanitarian purposes such as cancer and other medical research had been cleared by the State department and approved by President Truman.

Margaret O'Brien's Mother To Divorce Bandleader Hubby

Los Angeles, June 8—(AP)—Mrs. Gladys O'Brien, mother of film star Margaret O'Brien, filed suit for divorce today against her bandleader husband, Don Sylvio.

It was a switch from her previously announced intention of seeking an annulment of their Florida marriage, and Sylvio's attorney, Leonard Wilson, said: "I believe we'll contest the suit."

The superior court complaint charged extreme cruelty. The suit was filed under the name of Sprigata, Sylvio's real name.

The four-month marriage has been a rocky one. Sylvio contends that 12-year-old Margaret has supplanted most of the rocks.

Sylvio, 42, and Margaret's mother were wed in Palm Beach, Fla., Feb. 22, as the movie moppet wept. No alimony was asked.

TO HOLLYWOOD

Hollywood, June 8—(AP)—Actress Peggy Knudsen announced today that she and Jim Jordan, Jr., son of Fibber McGee and Molly, will be married, probably next Saturday. Each is 26.

They will live in New York, where Jordan is with NBC television. This will be Jordan's second marriage.

A SENATOR AT LARGE

Former President Hoover didn't recommend it in his report on reorganizing the federal government, but he thinks that the country could profit by having every retired president automatically become a member of the U.S. senate.

He doesn't want the job himself, he emphasized in an interview published by the United States News, but he thinks it would do much good to have our former presidents participate in national debates.

To permit the vote would require an amendment to the constitution, but Mr. Hoover believes only a statute would be needed to establish a non-voting office with privileges of debate, office assistants and salary.

Besides the benefit the country would gain from the establishment of this new senatorship, financial justice would be provided for our retired presidents. Not every president is independently wealthy like Mr. Hoover. Congress should find some way to give them economic security.

TIME FOR A CHANGE

The trial of Alger Hiss on charges of perjury marks the third current proceeding involving Communist activities in the United States. Let us hope it is more orderly than the other two.

In the case of the 11 Communists on trial for conspiracy to overthrow the government by violence, the defendants and their attorneys have sought to convert the federal courtroom into a forum. And they have tried to make of the court record a veritable library of Communist propaganda. Too often the proceeding sounds like a street corner debate.

In Washington, the defense lawyer for Judith Coplon, government worker accused of espionage, has resorted to clowning and other vaudeville tactics to convince the jury of her innocence. He has been fined once for contempt of court.

It would be refreshing if the Hiss trial just resembled a trial.

RESPECT FOR OL' MISS

(From The Clinton (Iowa) Herald)

Eight deaths by drowning in this vicinity within a matter of days makes us wonder if perhaps the general public needs a rebirth of respect for the Mississippi river.

Although the poets may refer to the river as a benign old gentleman—"The Father of Waters"—the fact remains that death lurks in its depths at all times.

However, if certain fundamental safety precautions are followed Ol' Miss can be a friend and source of recreation for those in all walks of life.

The ability to swim should be a No. 1 requirement with those who spend much time on the river. However, non-swimmers at least should protect themselves with life-jackets or other similar equipment.

There also is a knack to handling a boat which should not be ignored by river fans. All too often the amateur boater ignores certain safety rules which the veterans meticulously observe.

Overloading a boat is another hazard which should be avoided in the interests of safety. Anyone in doubt as to the capacity of his craft can be set straight by merely asking the more experienced sportsmen.

And last but not least, of course, is the dangerous practice of youngsters in swimming in dangerous areas of the river. Even the best swimmer cannot combat some of the dangerous currents which exist in the Mississippi.

Seven Young Men Enter Ministry From
One Methodist Church In Past 3 Years

By June Meece

Seven young men have entered the Christian ministry in the past 3 years from the Rantoul Methodist church Chanute Foundation. This conference sponsored work of the Methodist church is on the very doorstep of the Chanute Air Force Base at Rantoul.

Under the leadership of Leonard R. Sutton, pastor-director of the Foundation (center), Methodism is serving in a unique way not only our own American Airman and their families but foreign students as well at this crossroads of a great moving population.

Outstanding in the group pictured above is David Palmer, a local Rantoul boy who has served as associate pastor under Rev. Sutton for the past 18 months. David expects to take a student pastorate at this session of the Illinois Conference.

Two Chinese boys who entered the Christian ministry, Capt. Chen-Tzu Mao and Lt. Chin-An Meng, are doing Christian work in the Chinese

Nationalist Army by special arrangement made by Rev. Sutton with Madame Chiang-Kai-shek. The Methodist Chanute Foundation recently sent 3,000 New Testaments to assist them in their work.

Graham Harrell is now studying at Emory College.

Two others not in the picture will enroll in college this fall: Jack Redding at Southern Methodist University and David Crockett, a negro boy, at Wiley College, Texas. Richard Boyd, not pictured, will complete his training when he leaves the Air Force.

Under the capable leadership of Rev. Sutton these seven young men

have been guided toward becoming Christian leaders in the Methodist Church of tomorrow. This record is commendable at a time when there is such dire need for Christian leadership throughout the world.

Boyle's Column

A Reunion In
A Lost World

By Hal Boyle

Picture of Ernie Pyle

Vouilly, France.—Time and war have spared both Madame Hamel and her ancient stone chateau. And both are now weathering the peace well.

To many of the 45 war correspondents touring European battlefields the American Overseas Airlines trip wouldn't be complete without a visit to Madame Hamel's chateau.

For to them it was one of the great battlefields of the campaign, round and inside its cream gray walls raged terrible conflicts. But they were all word battles, and all the wounds were mental.

The battles were between newsmen and censors of the American First Army's press camp, which headquarters in the chateau. From it the story of the memorable war in Flanders went out to the world.

I went back to see the place with van ("Cy") Peterman of the Philadelphia Inquirer and Tom Henry of the Washington Star. We turned off the highway into a leaf-bowered lane between two old hedgerows, down which the time-stained chateau has looked for centuries.

There was great excitement in the household when we rolled into the courtyard. Madame Hamel herself, a white-haired woman in her seventies, who has retained the blue eyes of childhood, hobbled out to meet us. She gave us each in turn an apple-pink cheek to kiss.

And when the rest of the family tumbled out we saw that something new had been added—two small grandsons. They were the children of her only son Dumilly, a shy farmer of 40-odd who had spent three years as a prisoner of the Germans. "Les correspondents!" cried Madame Hamel. "Les correspondents!"

It was a wonderful reunion. The family made us come into the living room, where still wander the ghosts of some of the finest censorship phrases never printed.

They gave us some wafers and wine and a few nips of rare old calvados liqueur. Madame Hamel showed us a number of letters written to her by soldiers who had enjoyed her hospitality, and "Cy" made appropriate remarks in his impeccable Pennsylvania Dutch French.

I walked to a bright sunny corner of the room that had been the favorite working place of Ernie Pyle. There on the table was the cover of an old magazine with Ernie's picture on the cover, and I wanted to cry. Yes, Madame Hamel remembered. She was shocked when we told her that Ernie had been killed in the Pacific world. He Shima is a long way from the village of Vouilly, and she had never learned of his death.

Then we went out into the sunshine and walked across the courtyard and into the old cow pasture. We looked under the great trees at our old campsite, and there was nothing left to show where our tents had stood.

At night we had lain in the tents and heard the German planes roar by on the way to bomb the supply beaches. And the anti-aircraft guns in nearby fields would waken and bark like huge watchdogs—rump! rump! rump! and we'd put our helmets over our faces and hope no spent fragment of weary metal would rip through the tent—and us.

In A Strange World

We asked about a young black mare that used to nibble chocolate bars from our pockets. Dumilly led us across the pasture to her. A colt trailed her—her first. But she remembered us, too, or seemed to. Anyway she snuffed some candy from our hands.

1916 Graduates At White Hall To Hold Reunion

White Hall—A committee consisting of Misses Dorothy M. Young and Irene Barnett and Mrs. Edward Roodhouse is planning a reunion of the 1916 graduating class of the White Hall high school during the 4th of July homecoming week.

Cards have been sent to all members of the class who graduated and those who did not quite finish, and it is the hope of the committee in charge that a large group can be on hand for the reunion.

As soon as a representative number of members are heard from, a night will be set during the 4th of July week for a supper party at one of the restaurants.

On the evening of the recent alumni meeting, a 50-year reunion was held with Attorney and Mrs. Irvin Green as hosts at their home, where a buffet supper was served.

Present were Mrs. Kate Brooks Moore, Hutchinson, Kansas; Mrs. Ella North McLaren, Springfield; Frank Duncan, Greenfield; Rensen Prindle, Chicago; Lyman Winn, Memphis, Tenn.; Miss Hattie Walton, White Hall, all of whom including Mr. Green, are graduates of the White Hall school, class of 1899, which consisted of ten members. One member, Amy Ballard, is deceased. Two members were unable to attend, Mrs. Amy Linker Hazelwood, East St. Louis, and Hal McFarland, St. Louis. After several hours of reminiscing the group went to the high school auditorium for the program of the Alumni association.

PATTERSON

Patterson — Mrs. Anna Frances Stagg and son of Alton and Mrs. Dorothy Lorton and son of near Greenfield spent last week with their parents, Mr. and Mrs. Martin Callender and daughter, Janet.

Well Known Cass Co. Couple Mark 50th Anniversary

Ashland—A family dinner was served at the home of Mr. and Mrs. John Adkins on Sunday to celebrate their 50th wedding anniversary. Mr. and Mrs. Adkins have spent all of their married life in the Prentice community.

The couple have one daughter, Mrs. R. O. Barwick of Los Angeles, Calif., and three sons, J. T. of Prentice; Armour of this city, and Oakleigh of Chandlerville. There are five grandsons and one great grandson.

Both Mr. and Mrs. Adkins' families were early settlers in Illinois. Mr. Adkins is a son of the late Mr. and Mrs. John Adkins. His grandfather, Joshua Adkins came to Morgan county from east Tennessee in 1825. His great-grandmother was a second cousin of President Monroe. One of the early families in this part of the state, Mr. Adkins' ancestors came to this country from England in 1669.

His wife is the former Maude Adkins, daughter of Mr. and Mrs. Joshua Thomas Adkins, who settled in Mason County in 1840.

Mr. Adkins has been engaged in farming and stock raising for many years and also was in the implement business 45 years.

The fiftieth wedding anniversary of Mr. and Mrs. William H. Pierce was observed Sunday. They were married June 5, 1899, in Springfield and are the parents of two children: Mrs. Margaret Wetheran of Springfield, and Herbert Pierce of Kirkwood, Mo. Mr. Pierce is a retired mail carrier.

The word "barbarian" was first used by the Greeks to mean "foreigners" but it later came to mean a bad or savage person.

5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!
Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it. So can you.
Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Second week—once each night. Third week—once every other night. Then—nothing! Every day: drink eight glasses of water; set a definite time for regularity.
Five New York doctors proved this plan can break the laxative habit.
How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.
Further—Carter's Pills contain no habit-forming drugs.
Break the laxative habit... with Carter's Pills... and be regular naturally.
When worry, overeating, overwork make you irregular temporarily—take Carter's Pills temporarily. And never let the laxative habit. Get Carter's Pills at any drugstore for 50c today. You'll be grateful the rest of your life.

Beef Takes To Australian Air Lift

Perth, Australia.—(AP)—An Australian air lift is giving Britain a little more high grade beef. Cattle carcasses today are being flown to ports from lonely stations (ranches) in the north of Western Australia. This air lift began the day after the Berlin blockade ended.

But if you are very superstitious, maybe you would not eat this beef. The first plane carried 13 carcasses. It landed at the port of Wyndham at the 13th hour of the 13th day of May—Friday the 13th.

The people who are pioneering this scheme are not superstitious. They reason that it will give more and better beef to Britain and will pay them good dividends.

Before beef took to the air, cattle were driven 300 miles to Wyndham. Some died on the rough stock routes. Those that got to Wyndham had to be fattened again before being slaughtered.

The air lift has ended these worries. Cattle are killed at Glenroy station, 190 air miles from Wyndham, and in a few hours the carcasses can be loaded aboard ship at the port.

Present plan is to fly out between 4000 and 4500 carcasses in the next five months before the tropical wet season begins. That's a lot of beef on anybody's ration—about 2,400,000 pounds.

CHOW LINE CALLED MIGHTY AS A-BOMB

Norfolk, Va.—(AP)—The United States' chow line is "as great a military weapon as the atomic bomb ever will be," according to Dr. Barton S. Clark.

The re-elected president of the Associates of the Quartermaster Food and Container Institute says this country's ability to feed vast overseas armies was one of its decisive weapons in World War II. "A-bombs or no A-bombs," says Dr. Clark, who is research director of the American Can Company, "the millions of men fighting in distant parts of the world still have to be fed."

RNA of Morgan County to Meet At Chapin June 9

Hiawatha Camp No. 289 of Chapin will entertain the Morgan County Royal Neighbors, when the group convenes at the Chapin grade school on Thursday afternoon and evening, June 9.

The afternoon session will begin at 1:30 p. m. The schedule of activities will include introduction of county officers; introduction of supreme and district officers; presentation of flag by Grace Jolly of Jacksonville; address of welcome, Mary Etta Goffinet of Chapin; response by Tillie Albrecht, of Champaign, state supervisor; business session and school of instruction.

A six o'clock dinner will be served by the Loyal Sunbeam class. Beginning at 7:30 p. m. the evening activities will include introduction of supreme, state and district officers; formal opening by county officers; program; memorial by Star Camp of Jacksonville; address by State Supervisor Albrecht; and initiation of new members.

Other guests officers besides Mrs. Albrecht will be Edna Edmunds, state recorder; Gladys Tolliver of Taylorville, district deputy; Jessie Smith of Roodhouse, district deputy; and Imogene Blackman of Jacksonville, district deputy.

Airports Cut Amount Of Funds Asked From State To Get Grants

By LOUIS J. KRAMP
Springfield, Ill., June 8—(AP)—Local airport officials today slashed in half their bid for state money to help complete 34 downstate landing fields.

They reduced their original request from \$3,623,175 to \$1,928,000.

They want the money to match federal and local funds anticipated or already available for airport building, planning or improvements.

Officials led by Gordon Franklin of Marion, Ill., and Rep. William Gibbs (D-Quincy), sponsor of the bill, said they got a favorable reception from Governor Stevenson at a conference late yesterday.

Stevenson made no public comment. He had been publicly cool to the airport money demand, and didn't include it in his budget.

The airport officials also face difficulty because of the last month assembly crash, the economy demands of Republicans, and stiff competition from other groups seeking state money.

Pin Hopes On Sales Tax
Gibbs said the plan now is to persuade the legislature to give the airports the \$1,928,000 from the \$30,000,000 which Stevenson hopes to get during the next two years from pending bills to broaden the sales tax base.

The schools, the cities and the tuberculosis sanitariums also are bidding for chunks of this extra sales tax money. And it is still doubtful whether the legislature will pass the broadening bill.

The airport money bills now are stalled in house and senate appropriations committees, waiting for word from Stevenson. Gibbs said the plan now is to push the senate bill.

He told a reporter the governor suggested cutting the amount. Then the situation will depend on the legislature, Stevenson and settlement of the sales tax question and the demands of the other groups.

More Money In 1951
The airport officials will come back in 1951 to ask for another \$1,449,000, roughly the amount they are cutting from their present request. That will be enough, they say, to complete all 34 projects by 1953.

Here is the way the reduced requests lists the amounts of state money sought by various airports for the 1949-51 fiscal period:

Alton, Wood River, East Alton, Hartford and Bethalto \$100,000; Bloomington \$67,500; Cairo \$50,000; Centralia \$45,000; Champaign-Urbana, (University of Illinois) \$50,000; Danville \$200,000; Decatur \$25,000; Dupage-West Chicago \$100,000; Freeport \$35,000; Galesburg \$55,000; Harrisburg-Raleigh \$27,000; Jacksonville \$50,000; Lincoln \$25,000; Litchfield \$18,000; Lockport \$70,000; Williamson County (Marion-Herrin) \$165,000; Mattoon-Charleston \$130,000; Metropolis \$25,000; Mt. Vernon \$30,000; Murphysboro-Carbondale \$50,000; Peoria \$50,000; Quincy \$25,000; Rockford \$130,000; Rock Island-Moline, East Moline and Silvan (Quad City) \$310,000; Salem \$25,000; Shelbyville \$20,000; Springfield \$100,000.

The following airports would not receive any money for 1949-51 but would ask for these amounts in 1951-53:

Aurora \$150,000; Canton \$47,500; Dixon-Sterling \$150,000; Kankakee \$150,000; Kewanee \$125,000; Ottawa \$125,000; and Waukegan \$150,000.

Girl Scout Day Camp in Progress At Nichols Park

Activities are well under way at the day camp, being held at Nichols park for Brownies and the younger Girl Scouts. The theme of this group of Scouts is "Camp Many Lands." Each unit of girls is carrying out a particular foreign country in the theme. On the last day of camp, a skit will be given about the country each group has chosen.

A very good program has been outlined for the camp to make it interesting for the girls, besides having fun and learning more about Scouting. In general, a day's activities are as follows: 9:00, assemble and put up the flag; 9:30 or 10:00, swimming; 12:00, campcrafts, unit campers, unit housekeeping, cook lunch; 1:30, rest; 1:30, unit activities, which consist of crafts, nature, games and sports, hikes, music, and special events; 2:45, lower the flag and dismissal.

There are not only things planned by the girls for the camping period, but there are program-aides who are present to help the girls.

This year the program-aides are in a separate unit for the girls. The aides help the other units wherever they are called upon to do so. The aides are specializing in fire-building, nature, and games. Tuesday night all the program-aides stayed overnight at the park.

Carlene Sandburg, Nancy Grunty, and Marjorie Carter have volunteered to take care of the staff member's children during the camping period. The program-aides project is set up of model camp site for the other Scouts to observe.

The program-aides serving at camp are: Doris Godfrey, Beth Ar-

min, Joyce Holloway, Carlene Sandburg, Nancy Grunty, Marjorie Carter, Delores Holloway, Joanne Huffman, Shirley Reed, Virginia Hollowell, Judy Kurtz, and Patsy Shannon.

Tri-Hi-Y Spring Formal is Held Tuesday Night

The Tri-Hi-Y spring formal was held Tuesday evening at the Y.M.C.A. Youth Center, from 9 to 11 o'clock. Music was furnished by the Jacksonville High school dance band.

The theme of the evening was "Stardust." A large star hung from the center of the ceiling, to which were attached streamers and smaller stars. Tables were lighted with pastel colored candles.

Chairmen of the committees were Pat Hughes, Judy Kurtz, Louise Ford and Marilyn Lacy.

All four of the Tri-Hi-Y clubs cooperated in staging the dance.

England Studies Increase In Population

By Charles Whiting

London.—(P)—Move over grandpa. This "tight little isle" is getting more crowded every year.

And it's mostly the old folks who are taking up the space. The "65 and over" group make up 10.5 per cent of the population, as compared with only 7.4 per cent in 1931.

Government officials say the trend seems to be toward a population boost of about one million every five years. The total population of the United Kingdom—which takes in England, Wales, Scotland and northern Ireland—is estimated to have been 50,033,000 as of June, 1948, the latest figure available.

Officials say the population increased by over a million since 1944, by two million since 1939, by six million since 1921, and by about 40 millions—or over 300 per cent—since 1800.

"Though the birth rate rose sharply after 1941, many births were postponed until after the war. To them, the high rates of the postwar years are largely due. Until the war disturbance has died away, it will be impossible to form any opinion as to the likely future trend of the birth rate," an official statement says.

It also says migration is not a major factor in the population trend in the United Kingdom.

CARNIVAL

By Dick Turner

"Do you have something for a not too intelligent member of the intelligentsia?"

Navigator Takes Poetic Flights

New York—(P)—Navigator Callan B. McNeely, a poetic soul, often issues routine flight reports in rhyme to transatlantic passengers on American Overseas Airlines planes.

When flying way up yonder stimulates his muse, he turns out a verse inspired by the immediate occasion.

Plotting the course of a flight of war brides from Europe, he came up with this one:

"As your flagship points its nose to the west

"And moonbeams and stardust fall gently around

"We hope that this flight starts a life for the best

"And your memories are pleasant when we reach the ground."

Another time to soothe his passengers after a takeoff delay caused by mechanical trouble—the bard of the airways told them:

"We're sorry we caused you this short delay.

"But once again we're under way.

"Engines, like humans, get a pain or an ache.

"And so our mechanics must operate."

McNeely, a native of Duluth, Minn., studied medicine for a year after being graduated from the University of Minnesota. Later he worked in the American Airlines traffic department in Cincinnati. He served in the Air Transport Command during the war.

HEAVEN'S ON EARTH FOR TRAPPED BOY

Brisbane — (P) — It must have seemed a pretty murky sort of heaven.

The "angels" were hot and sweaty. Instead of fluffy white clouds, there was only damp brown earth. But it was good enough for 12-year-old William Ryan.

William had been digging a tunnel in a creek bank. But the tunnel caved in and William was buried underneath. He couldn't breathe properly and his mouth got plugged up with dirt. He fainted. His rescuers dug him out and revived him.

William opened his eyes and looked at their anxious faces bending over him.

"Is this heaven?" he asked.

SOVIETS MAKE SEALSKIN SHOES

Moscow—(P)—The production of "stylish shoes" from seal skins has started here. The laboratory of the Central Scientific Research Institute made the announcement.

ADVERTISE—IT PAYS

ACH! IT'S DER ZOAB-POX DERPY—This is a German conception of what a soap-box racer should look like. Race fans gather around the three-wheeled, tub-shaped midget to give it the once over before the Nurnberg Derby. Sponsored by the German Youth Association and copied from the American idea, the derby drew a crowd of 25,000 along the rough, shell-marked course.

IN PIDGIN ENGLISH

New York—(P)—Pastor Robert Sallau, South Sea Islander who was converted to Christianity and became pastor of the Seventh Day Adventist Church, paid a visit to the Bronx Zoo here.

In the pidgin English he learned on his native island of Vela Lavella, he described the animals like this: Camel—"Long fella, two backs."

Lion—"No. 1 pussy cat."

Elephant—"Big fella ears."

Hairy Orang-utan—"Long fella pass."

Buffaloes On March In Siam

Bangkok—(P)—The great water buffalo trek is underway again in Siam. Tens of thousands of buffalo are being driven from breeding farms in the Northeast provinces across more than 300 miles of jungles and plains to the central provinces. There the buffalo are sold for plowing and other ground preparations for planting of the rice crop.

It takes about two months for the buffaloes to make the annual push. When they reach the central plains they are shovled about from one spot to another until most are sold.

If any are left they are sold at auction. Most of the leftovers are too small and thus have been rejected up north. The purchasers usually keep them until they are full grown animals and ready for resale. A buffalo usually sells for \$50 to \$200.

Japan's No. 1 Author Calmly Awaits Death

Tokyo—(P)—These are golden days for a frail little Japanese doctor who awaits death in a tiny hut on a Nagasaki hill. Each hour is precious, for it brings word of his skyrocketing influence as Japan's most popular author-doctor.

Before 1945, Dr. Takashi Nagai was virtually unknown. Today three of his books are first, third and seventh on Japan's best-seller lists. A fourth, which has just reached the stands, already is 12th.

What may be his final work is now in the hands of a publisher.

Dr. Nagai was a professor at Nagasaki medical college. His field was rays. His experiments over 20 years had exposed him to radiation which medical experts told him would doom him to an early death.

Serene in his adopted Catholicism, he continued his teaching and work. Then on the morning of Aug. 9, 1945, the atom bomb burst on Nagasaki as Dr. Nagai was teaching in his classroom.

His wife was killed and his home vanished. His school was destroyed, and he suffered severe burns on the right side. The death of which he already had been warned was

brought close and made certain.

Dr. Nagai donated his blood to researchers in efforts to save the lives of bomb radiation victims. He personally visited the injured until too weak to resist orders to go to bed. Doctors now say he may live through the summer, perhaps into the autumn.

Unable to continue the dying toll of his death in a hereafter, his hatred of war and his belief in the brotherhood of man, Dr. Nagai decided to write his views. His first published book was "Leaving These Children Behind," a collection of essays on Christianity, the atom bomb and his two small children, who were not in Nagasaki when the bomb fell, and thus escaped.

This book has sold more than 200,000 copies and tops Japan's best sellers. Dr. Nagai's first book was "Bells of Nagasaki," which was published last January, three years after a publisher had accepted it. "Bells of the Rosary" and "River of Life" are his two other works. Despite ever-increasing royalties, he has not altered his simple living habits. He draws only enough money for daily expenses. The rest goes into a fund for rebuilding a war-razed Catholic cathedral, a children's library and a beautification program for his beloved Nagasaki.

Nesco Temporarily Suspends Operations

The local plant of the National Enameling and Stamping company will suspend operations temporarily, according to E. C. Shultz, NESCO plant manager.

NESCO officials emphasized the fact that the shut-down would only be for a few weeks and is due mainly to the general slackening of demand for appliances which has been reported by all appliance manufacturers.

Vacations earned by employees at the plant will be taken during the close-down period and operations will be resumed just as soon as present inventories of roasters and casseroles are reduced to a more satisfactory level.

About 375 employees are affected by the shut-down.

Judge Wilhite Goes to Denver; Court June 14

The Morgan county circuit court room, usually the scene of activity each Wednesday, was deserted today.

Judge L. E. Wilhite of Carlinville has gone to Denver, Col., to attend graduation exercises of his son. The regular weekly court session was cancelled, but several sessions are scheduled for later in the month.

According to tentative plans of the judges, court will be held Tuesday, June 14, with Judge DeWitt S. Crow of Springfield presiding. Other sessions are scheduled for June 28 and 29, when Judge Wilhite will be back on the bench.

In Japan

Ret. Clarence Williamson

Leaving San Francisco on May 6, Ret. Clarence Williamson arrived in Japan on May 19 and is now stationed at Kobe, near Yokohama.

Williamson entered the army on Jan. 28 and received his basic training at Camp Breckinridge, Ky. After a visit here with his mother, Mrs. Zelma Williamson, 513 Sandusky street, he was sent to Camp Stoneman, Calif., after which he left for Japan.

Sandy Creek Youth Festival Will Be Held Friday Night

White Hall—The annual youth festival of the Sandy Creek association for intermediate and young people from the ages of 13 to 25, pastors, associational workers, young peoples' counselors, leaders and sponsors, will be held Friday night at the Oak Grove Baptist church, west of White Hall, with the program starting at 8 o'clock.

The program will be in charge of Mr. Eugene Quinn, professor of music at the Baptist Foundation of Carbondale. He will be assisted by students of the foundation.

The association includes forty churches, all of which are expected to be represented. A special loud speaker system has been installed in the church for the benefit of those unable to gain admittance.

The first hour will be devoted to "Practice and Fellowship," the second part of the program to recreation and refreshments, and the third part to two religious films, the first taken from the life of Paul Series "Grace of Progress" the second film a missionary short titled "We Too Receive."

A large burning cross will be displayed in the grove near the churchyard.

White Hall Boy Feted on Birthday

White Hall—A party honoring Bobbie Piper on his seventh birthday anniversary was given by his mother, Mrs. R. W. Piper. Refreshments were served and the group

attended a movie at Roodhouse. Those present included Phillip Hopkins of Roodhouse, Ronnie Collins, Timmy Smith, Sherman Orris, Howard Piper, Bobbie Johnson, and Douglas Powell of St. Louis.

A family dinner was also held in his honor. Dr. Piper's mother, Mrs. Inez Piper, was a guest.

Officers Named By Y.W.S. Club

An election of officers was conducted by the Y.W.S. club at its meeting held at the home of Mrs. Elmer Roegge, with Mrs. Charles Morris assisting.

Those named were Mrs. Robert Houston, president; Mrs. Floyd Hess, vice president; Mrs. Elmer Roegge, secretary; Mrs. Dave Gustafson, treasurer; and Mrs. Edward Scott, reporter and chairman of the flower committee.

A potluck dinner was served at noon. Roll call was answered with "Interesting Places I Have Been." It was decided to hold an auction at the July meeting, which will take place at the home of Mrs. Milton Binsell. Mrs. Dave Gustafson and Mrs. Adolph Verries will have charge of the auction.

A social period followed the meeting. Guests were Mrs. Streeter, Mrs. Joe Turner and son, Mrs. Elmer Crabtree, Mrs. George Coulson and Miss Ruby Deweese.

Chapin Class of 1924 Has Reunion

A reunion of the class of 1924 of the Chapin High school was held Sunday at the Dunlap hotel, where dinner was served to a number of members of the class and guests.

Members of the class in attendance were Leland Barthelme, Chicago; Harry Crabtree and Gladys Hamilton Wohlers, Jacksonville; Delbert Aufdenkamp and Mildred Schumacher, Chapin, and Melvin Eilers, Decatur.

Mrs. Martha Allen, a member of the Chapin High school faculty while the class of 1924 was in school, was a special guest. Other guests present were Mrs. Delbert Aufdenkamp, Mrs. Harry Crabtree and Arthur Wohlers. Letters from Elita Eilers Roegge, Pine City, Minn.; Marie Grady Sherman, Kalamazoo, Mich.; Nona Niemi, Heuser, Dodge, Peoria, and Martha Alderson, Pitt, Indianapolis, Ind., class members who could not attend, were read.

A congratulatory telegram from Lester S. Hess of Moorestown, N. J. was received during the evening. Mr. Hess was formerly principal of the Chapin school. He left Chapin in 1924 for Moorestown where he teaches agriculture in the high school.

The new home of "Lubri-tection"

AN INVITATION

to visit America's newest and most modern motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eye-ful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates... June 21st and 22nd... at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City, June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!

Moose, Myers Bros. Turn Back Invading Softball Clubs Easily

Two Jacksonville "A" league softball teams had slight trouble in repelling the invasion of two foreign sides on the Nichols park diamond last night.

The Moose outfit, behind the steady twirling of Effimoff, clipped an invading Waverly bunch 7-1 in the curtain raiser. Effimoff allowed only four Waverly batters to hit safely.

The Waverly club scored its single tally in the initial frame when "Effy" walked the leadoff man. The runner was advanced to second on an infield grounder and scored on a screamer to left field.

The Moose nine marked single runs in the first and fifth frame and enjoyed a big third chapter, pushing the remaining five runs across the platter.

Myers Bros. Win
The Myers Bros. batsmen added five hits—including a grand slam home run by Paul Stroud in the fifth inning—and a Loomi error to total 12 runs and turn back the Loomi crew 12-1 in the feature highcap.

Charles Wyatt, hurling for Myers Bros., sent the Loomi boys home with only 4 hits to their credit. Their lone run came in the fourth frame, when they combined two of those safe blows to tally the score. Myers Bros. enjoyed nothing but big innings when they scored. The host club totaled 3 runs in the first inning, and 4 in the fourth. climax of Myers scoring came in the sixth.

ADVERTISEMENT FOR BIDS

The Board of Trustees of The Passavant Memorial Hospital Association will receive sealed bids for the construction of a sanitary sewer and water main improvement to serve the new Passavant Memorial Hospital, northwest of the City of Jacksonville, Illinois, until 7:30 p.m. (C.S.T.) on the 24th day of June, 1949, at Passavant Hospital, Jacksonville, Illinois, at which time and place all bids will be publicly opened and read aloud.

The successful bidder will be required to furnish a satisfactory Performance Bond.

Copies of the documents may be obtained from the Board or from Casler and Stapleton, engineers, Jacksonville, Illinois.

The Passavant Memorial Hospital Association reserves the right to reject any and all bids and waive any informalities in bidding.

No bid shall be withdrawn after the opening of the bids without the consent of the Board, for a period of thirty (30) days after the scheduled time of closing bids.

A certified check or bank draft, government bond, or cash payable to The Passavant Memorial Hospital Association, or a satisfactory bid bond executed by the bidder and a surety company, in an amount not less than ten (10) per cent of the bid shall be submitted with each bid.

Date, June 7, 1949.

Saigh States He Mailed Contracts To League Jumpers

St. Louis, June 8.—(P)—Fred M. Saigh, president of the St. Louis Cardinals, announced today he has mailed contracts to Max Lanier, Fred Martin and Lou Klein, offering them the same salaries for which they contracted prior to their departure to Mexico in 1948.

Saigh said his move was prompted by the bulletin issued earlier today by Baseball Commissioner Happy Linn, who told the clubs how to deal financially with their league jumpers.

In New York yesterday, Lanier's lawyer said that Saigh had offered the pitcher a contract for \$11,000—his 1946 figure—but Lanier had turned it down.

Saigh admitted today he had talked by telephone to Lanier, Martin and Klein, but denied he had mentioned any sums.

From Drummondville, Que., last night, Lanier told the Associated Press he wanted a lot more money than he was making when he left the club in 1946.

He said he was making more than his old Cardinal contract now, pitching in the Canadian Provincial League.

Lanier said he knew almost nothing of the plans of Klein and Martin, both of whom are playing the same league, but that he didn't think they planned to leave Canada at the present time.

Martin drew about \$5,000 in 1946 and Klein was in about the same salary bracket.

Top U.S. Golfers Have Last Practice Round Before Open

Chicago, June 8.—(P)—America's top-flight golfers had their last free practice round today around Medinah No. 3.

And most of the field of 162 in the final practice round failed to find the answers to a flock of questions this exacting layout will ask as the 49th National Open tournament gets under way tomorrow.

Included in the cast of aspirants for the throne abdicated by injured Ben Hogan are 131 professional and 30 amateurs. All appeared puzzled by the meandering Medinah maze with its tree-trimmed fairways and postage stamp greens.

The former champions will be seeking the winner's \$2,000 pot of gold along with seven PGA and four national amateur kings. But there was no assurance the new ruler would come from among that batch of tournament-tested talent, for this is the kind of course where the better than average shot maker has just as much chance as the expert.

The consensus among the professionals was "anyone good enough to qualify for this tournament can win it," which would tend to make the three-day 72-hole medal play test a wide open affair all the way. The course, approximately 7,000 yards long, plays a tough par 36-35-71.

Chicago, June 8.—(P)—The Chicago White Sox announced the purchase today of first baseman Charles "Buck" Kress from the Cincinnati Reds. The Sox declined to reveal the amount of money involved in the straight cash deal.

Kress, 27, who bats and throws left-handed, hit .312 at Tulsa last season while stealing 27 bases, hitting 41 doubles and driving home 98 runs. The six foot, one inch sacker has been playing professionally since 1940.

This season Kress, used mainly as a pinch hitter and occasional replacement for Ted Kluszewski, had a .154 batting mark with the Reds.

Motorcycle Races Set At Fairgrounds Sunday

The motorcycles invade Jacksonville's Fairgrounds Sunday afternoon where fans are promised plenty of thrills and spills on the half-mile flat track.

Time trials for the speedy two-wheelers will get underway at 12 noon, C.S.T. The first of nine events will be rolled at 2 p.m.

Top daredevils from St. Louis, Springfield, Chicago, Danville and Lincoln will be on hand to provide motorcycle racing enthusiasts all the excitement they can take in one afternoon.

The Jacksonville Exchange club is responsible for bringing this gala motorcycle racing carnival to Jacksonville. All the motorcycles and riders are sanctioned by the American Motorcycle association.

Several riders were in Jacksonville Monday afternoon viewing the Fairgrounds dirt track in preparation for Sunday's races. When one Springfield speedster was asked how fast he's going when he hit the back stretch, he casually replied—"oh, I'll be doing 100 per at the front edge of the grandstand."

There must be easier ways to earn a living.

Pacific's Leading Hitter Purchased By Chicago Sox

Chicago, June 8.—(P)—George Metkovich, one of the Pacific Coast league's leading hitters, has been purchased by the Chicago White Sox. He will fly here to play against Boston in a night game Friday.

The Sox gave Oakland, Calif., an undisclosed amount of cash and optioned first baseman Gordon Gordonsberry and outfielder Gerry Scala to the Coast club in obtaining Metkovich. The newcomer, a left-hander, all around, will replace Gus Zernial, the rookie outfielder who was hitting .15 for Manager Jack Onslow when he suffered a broken right collarbone May 28.

Metkovich, a Boston Red Sox first baseman-outfielder from 1943 through 1946 and a member of the Cleveland Indians in 1947, hit .336 for Oakland last season. His current batting average after 61 games this season is .357.

Boston Beats Reds 8-7 In 15 Innings

Boston, June 8.—(P)—(Thursday)—(P)—Jim Russell landed a mighty 15th inning, bases loaded hit off the wall in right center early today to drive in the run needed for an 8-7 victory for Boston's Braves over the Cincinnati Reds. The victory—four hours and nine minutes after the game began last night—kept the pennant defending Tribe within a whisper of the leading Brooklyn Dodgers and the second place St. Louis Cardinals.

Tigers Whip Yanks, Indians Down Nats

Detroit, June 8.—(P)—The Detroit Tigers cashed in on the wildness of left-hander Tommy Byrne to beat the New York Yankees, 3 to 2, in 11 innings tonight. The victory cut the Yankees' lead over the second-place Tigers to four and a half games.

Cleveland, June 8.—(P)—Pitcher Bob Lemon socked his first home run of the year tonight for Cleveland and beat the Washington Senators, 8 to 3.

It was Lemon's fourth victory against one loss this season and swept a two-game series for the Indians over Washington. Paul Calvert was the losing pitcher.

The slogan, "Don't smoke in bed, that last cigarette may be your last," is displayed in many hotel rooms today.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, June 8.—(P)—Only the cream of the cattle market could hold steady price levels today. The rest of the livestock list tended lower, with hogs off generally 25 cents, cattle broadly steady to 75 cents lower, and sheep 50 cents to \$1 less.

Barrows and gilts grading good and choice took \$17.75 to \$21.50, the peak of the run, and sows were worth \$14.50 to \$18.25, topping at \$18.50.

High-choice steers reached \$29.50 and comparable heifers \$28.75. Medium to choice steers were \$23 to \$28.25 and good to choice heifers \$25.75 to \$28. Young beef cows merited \$22.50, sausage bulls \$23.50, and vealers \$28 and below.

Only odd head of spring lambs went as high as \$31, the practical top stopping at \$30. Good to choice old-crop shorn lambs had \$27 to \$28. Ewes ranged from \$10.50 downward.

Among salable receipts were 8,500 hogs, 9,000 cattle, 500 calves, and 500 sheep.

Cardinals Open 20-Day Homestand Tuesday, June 14

The St. Louis Cardinals will open a 20-game homestand at Sportsman's Park on Tuesday, June 14, that may make or break the club's chance for the 1949 National league pennant.

The Red Birds of Eddie Dwyer, flying high with a recent streak of nine victories in ten games, will meet six of their seven rivals during the stay at home which ends July 3.

First to visit Sportsman's Park will be the Brooklyn Dodgers for three games—at night on June 14 and 15 and an afternoon contest on June 16. The next three playing dates will see the Philadelphia Phillies against the Cardinals, again two night contests and a Sunday afternoon game.

The Phillies will be followed by the New York Giants, who will be in St. Louis for night games on June 20, 21 and 22 and an afternoon contest on Thursday, June 23. The league champion Boston Braves are the Cardinal opponents on the nights of June 24 and 25 and in a game on Sunday afternoon, June 26.

A four-game series against the Chicago Cubs and a three-contest set against the Cincinnati Reds will close the homestand.

Squires Dump Junior Merchants In 22-7 Slugfest

The K. of C. Squires swamped the Junior Merchants 22 to 7 at the northside park in a junior league tilt last night.

The Squires rapped out a total of 13 hits during the game, but wildness on the part of the Junior Merchants' mound staff was the deciding factor in their win.

In a preliminary practice game the Exchange Club junior representatives edged the Coca Cola crew 9 to 7. The game was played off the record and will not be counted either as a win for the Exchange or a loss for the Coca Colas in the final tabulations.

Cardinals Shut Out Giants Second Day In Row; Win 2-0

New York, June 8.—(P)—The St. Louis Cardinals shut out the New York Giants for the second straight day today, 2-0, as Gerry Staley pitched a three-hitter in his first route-going performance of the season.

The victory enabled the Redbirds to cling to within a half game of the league leading Brooklyn Dodgers, who whiped the Chicago Cubs, 3-1. The losing Giants sank deeper into fourth place, two games off the pace.

Rookie Eddie Kazak, in a Jekyll and Hyde performance, committed three errors at third base for the Cardinals, but was the offensive hero as he drove in one run and scored the other.

Staley, who never went further than the seventh in two previous starts, walked three in addition to giving up singles to Jack Lohrke, Sid Gordon and Johnny Mize.

Southpaw Dave Koslo, making his first start, after 10 relief appearances, pitched creditable ball for eight innings, allowing only seven hits. Lack of hitting support by his mates forced Koslo to accept his second loss against one victory. Hank Behrman pitched the ninth.

Barney Gives Up 2 Hits As Brooks Down Cubs 3 To 1

Brooklyn, June 8.—(P)—Rex Barney pitched his first complete game of the season today, a two-hitter, as the Brooklyn Dodgers subdued the Chicago Cubs, 3-1, to maintain their league leadership and run up a three-game winning streak.

Jackie Robinson paced the eight hit attack against Bob Muncrief with a first inning triple and a third inning single to knock in the Dodgers' first two runs. Duke Snider's sixth inning walk, Robinson's sacrifice, and Gil Hodges' single, accounted for the other tally.

The Cubs scored their lone run in the fifth when Frank Gustine walked and raced home on Muncrief's triple to the right-center field exit gate.

Athletics Down White Sox 5 To 2

Chicago, June 8.—(P)—Alex Kellner survived a bad start to win his seventh game with a six-hit pitching job today as the Philadelphia Athletics set down the Chicago White Sox, 5 to 2.

Kellner had the major assistance of Eddie Joost's 13th homer and a two-run triple by Elmer Valo in fashioning his success.

Kellner weathered a rough-house first inning in which singles by Fred Hancock and Steve Souchock, plus a triple by Cass Michaels, hustled across two Chicago runs. The rest of the way the Sox couldn't get a runner past second base.

The A's routed Chick Pieretti in the fifth to take charge. They had launched a three run offensive in the fourth to start Pieretti on his way out. Valo's triple was the big wallop in the frame.

The Athletics renewed their assault when Joost led off with the fifth with his clout into the left field lower deck. When Wally Moses singled, Pieretti was on his way out.

For the rest of the way, five complete innings, Billy Pierce stopped Philadelphia Philadelpia from a hit but was nicked for a run when he walked Valo in the sixth. The runner moved up on a sacrifice, swiped third and rolled in on a fly to center.

Cardinals Open 20-Day Homestand Tuesday, June 14

The St. Louis Cardinals will open a 20-game homestand at Sportsman's Park on Tuesday, June 14, that may make or break the club's chance for the 1949 National league pennant.

The Red Birds of Eddie Dwyer, flying high with a recent streak of nine victories in ten games, will meet six of their seven rivals during the stay at home which ends July 3.

First to visit Sportsman's Park will be the Brooklyn Dodgers for three games—at night on June 14 and 15 and an afternoon contest on June 16. The next three playing dates will see the Philadelphia Phillies against the Cardinals, again two night contests and a Sunday afternoon game.

The Phillies will be followed by the New York Giants, who will be in St. Louis for night games on June 20, 21 and 22 and an afternoon contest on Thursday, June 23. The league champion Boston Braves are the Cardinal opponents on the nights of June 24 and 25 and in a game on Sunday afternoon, June 26.

A four-game series against the Chicago Cubs and a three-contest set against the Cincinnati Reds will close the homestand.

Jacksonville Junior Golfers Have Chance For National Acclaim

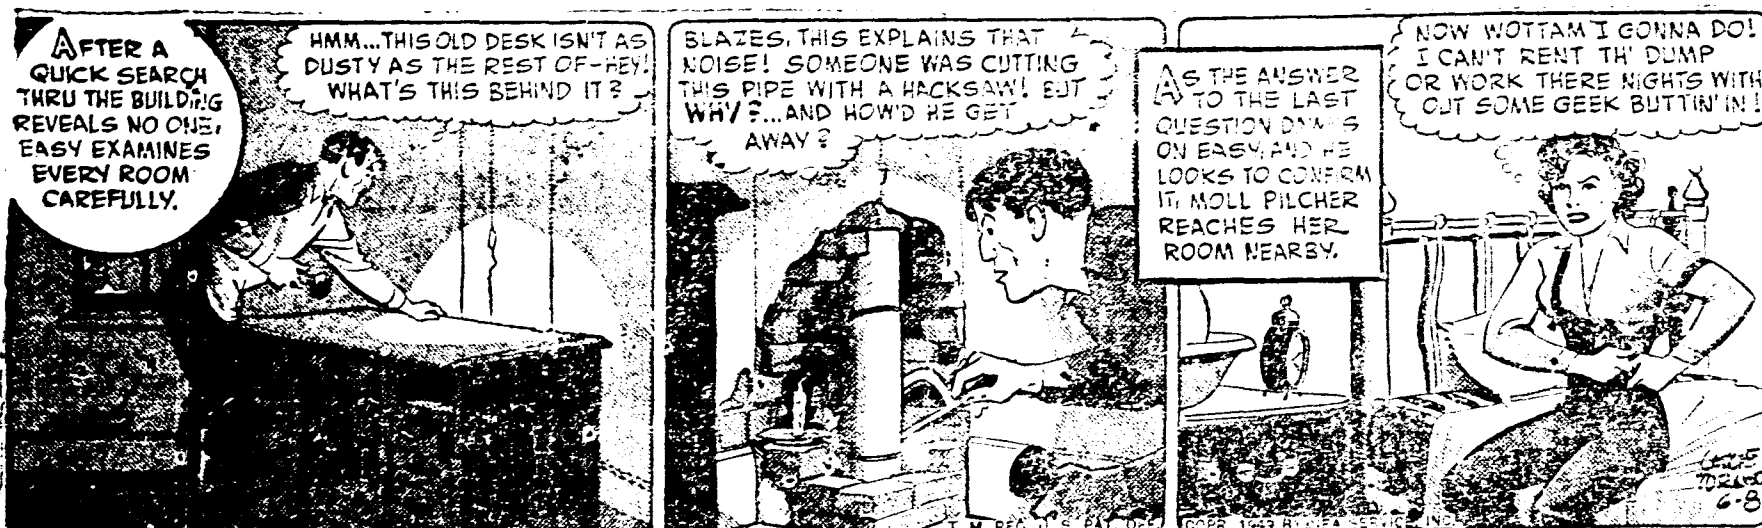

Junior golfers in Jacksonville and vicinity have a chance to gain national acclaim if they enter the Junior Chamber of Commerce sponsored tournament which is slated for Monday, June 13, at the Nichols park course.

The Jacksonville Jay-Cees are co-operating with the Illinois Junior Chamber of Commerce in staging this junior meet. The two top-ranking "kid" golfers in the local tourney will be shipped to Danville where they will participate in the state eliminations on Wednesday, June 22. The winner of the state championship will travel to Houston, Texas, where he will compete with other state champs for the national crown from August 2-7.

ISLAND OF ESCAPE

THE STORY: Stranded without shelter and very little food on Spindle Island, eight persons who came to Henry George Harding's "New Eden" face a future made even more dreary by the fact that the weakling, George Harding, has seized the only rifle and declared himself "king." With him is Willie Stark, who Harding has named his son. Harding is a murderer on the island who has killed another islander, Lily Warren, and possibly the mate of the fishing boat the Stimpator. Ben Cosgrove, whose real name is Ben Cosgrove Martin, explores the island and finds a little piece of "civilization." But she finds no other evidence that the craft was wrecked during the storm.

by Sugar. I'm no good and you do better without me. . . . Outwardly she had continued performing her duties in Army intelligence with sufficient success to be in a position to ask favors of those in high places when she had been returned to civilian life. Inwardly she schemed and planned. She used any person or means, the way she had been taught by war, to get what she wanted. The correct application of pressure, and she had emerged as a 40-year-old schoolteacher with her maiden name of Bea Cosgrove looking for a home on Spindle Island. Henry Harding would pay.

Truman Hawk, 41, Of Kane Commits Suicide With Gun

Carrollton — Truman Hawk, 41, took his life Wednesday at 5:30 a.m. at his parents home in Kane by placing the muzzle of a .22 calibre rifle into his mouth and discharging it. Death was instantaneous.

A coroner's inquest was held at the home later in the morning, at which a verdict of suicide was returned.

No reason for Hawk's action could be determined, although it was brought out that he had recently complained of pains in his head.

Hawk had risen and dressed and had been watching his mother prepare breakfast, after which he went into his bedroom. His parents, Mr. and Mrs. Edward Hawk, heard a muffled sound. They went into the room and found their son dead. Sheriff Arthur Powell and Coroner Frank Wolfe were summoned.

Hawk had been employed as a farm hand for the past 16 years by the Herman French of Kane. He worked on the Aldous farm near Kane.

Surviving besides his parents are the following brothers and sisters: Mrs. Kenneth Wilson and Hubert Hawk of Greenville, Mrs. Stewart Gilworth of Jerseyville, and Leslie L. Hawk, Freda, Elsie and Velma Hawk, all of Kane.

The body is at the Jacoby Funeral home in Jerseyville. Funeral arrangements are incomplete and will be announced later.

Methodists Urge O. K. Of Illinois F. E. P. C. At Yesterday's Session

By approximately a 2-1 majority, the Illinois Conference of the Methodist church, which is holding its 126th annual session at the Grace church, voted to send telegrams to eight state senators whose votes are considered "crucial", urging them to support the Fair Employment Practices Commission bill now before the Illinois General Assembly. The motion to send the telegrams was made during the afternoon business session by Dr. C. W. Odell of Urbana, chairman of the committee on social service on behalf of the committee. There was no debate on the motion.

The afternoon session also approved the plan for a public relations directorate, which will be inaugurated at once. The conference requested the appointment of Dr. Howard B. Oborn, retiring Peoria district superintendent, to the new post of Conference director of public relations.

Dr. Oborn has been acting coordinator, during the past few months, for the United Methodist Movement, the organization which promoted the new public relations program.

At the evening session, the Rev. James W. Clarke, minister of the Second Presbyterian church in St. Louis, delivered a lecture in which he declared, "The Christian church must rise above the level of respectability. It is a study in still life, and respectability is not adequate in the modern world."

The Christian church, today, is afraid to lose its dignity by preaching too loudly, too enthusiastically, or too often, Dr. Clarke asserted. His Scottish accent was noticeable when he described modern preachers and laymen as "a bloodless lot of animated cucumbers."

If the Christian church is to fulfill its responsibility to the modern troubled world, to the generation which has "wept more tears, shed more blood, and dug more graves than any other generation," it must regain the evangelical enthusiasm and fervor of its younger days, Dr. Clarke concluded.

To Rebuild Bunker Hill — Bishop J. Ralph Magee, of Chicago, announced at the morning session that 348 churches of the Chicago area have contributed \$9,799.09 for the construction of a new church and parsonage at Bunker Hill, to replace the building demolished by last year's tornado.

Other Conference business of the day was the report by Dr. Oborn that \$716,887 was pledged during the past year for the United Methodist Movement by 22,907 persons, which represented about 46 per cent of the recorded contributors in the local churches throughout the state.

Carrying out instructions of the Conference of last year, a plan for raising and paying a schedule of minimum salaries to Methodist pastors, to begin in June, 1950, was initiated at the afternoon session.

A widely representative committee was assigned the task of setting up a continuing plan of action to be studied by the local churches in the spring of 1950, and for adoption or revision at the next annual conference.

Those from Virginia were Mr. and Mrs. W. A. Morse, Mr. and Mrs. Robert Morse, Mr. and Mrs. Paul E. Young, C. G. Colburn, John Byus, Joe Loring, Guy Husted and George Dirreen.

Shakespeare will come to trial again tomorrow night at 8:30 o'clock when the Illinois College Hilltop Players present "A Midsummer Night's Dream" on the Ames Woodland stage.

And once again the Players, following a 36 year old commencement tradition, are planning a production that will be understandable as well as technically interesting.

Miss Octavia K. Frees, director of dramatics, has stated, "All the work done, both by the stage crews and the actors themselves, has been directed toward one goal, simplicity."

Alumnae Chapter, Alpha Iota, Holds Annual Breakfast

The annual June breakfast of the Alumnae chapter of the Jacksonville Iota sorority was held June 5 at the home of Louise Harris.

A special meeting will be conducted Thursday at 7:30 p.m. to discuss the national convention to be held June 15-19 at Colorado Springs. Two members of the Jacksonville chapter, Mary Bentena, delegate, and Frances Gutman plan to attend.

Pictures were taken after breakfast and a social hour enjoyed. In charge of arrangements were Barbara Harris, chairman, Louis Harris, chairman, Louise Harris, Louise Nicholson, Anna Lois Foster, Juanita Bergschneider, Virginia Sample, Helen Swain and JoAnn West.

Others attending were: Mary Bentena, Betty Lou Hardwick, Donna Burrus, Dorothy Crabtree, Elizabeth Harby, Shirley Eilering, Agnes Flynn, Mary Flynn, Emily Triam, Frances Gutmann, Isabel Triam, Anne Margaret Loneragan, Martha Lorton, LaVerne Loeckman, Rosetta Mager, Frances Martin.

Mary Jane Morris, Vivian O'Brien, Linda Siebermann, Mary Agnes Ring, Catherine Shanahan, Mildred Shaile, Helen Quinlan, Ila M. Squires, Virgil L. Strahl and three guests, Linda and Mary Lou Hardwick and Sue Strang.

Character distinction will be emphasized through costumes. Color has been used freely in the costumes of the Greek characters; the Rustics will be dressed in brown, earthy shades; the fairies' costumes are made of colors suggestive of moonlight and woodland," Miss Frees explained.

The plot of "A Midsummer Night's Dream," one of Shakespeare's most imaginative comedies, centers around two Greek couples plagued by the bumpy course of true love. The triangle is finally straightened out by the fairies and their love potions.
